To Whom It May Concern:

I have had the pleasure of knowing Ms. Blaise Badynee in both a professional and personal capacity since 2012. As the principal of American International Academy, I witnessed Ms. Badynee's growth as an urban educator and have since witnessed her mastery in the classroom continue. During her time at American International Academy, she demonstrated exceptional creativity, motivation, and enthusiasm. She is a dedicated, passionate, and energetic teacher who consistently goes above and beyond the call of duty for her students.

Ms. Badynee is an outstanding educator, passionate about enriching the experiences of all students by exposing them to cultures and experiences outside the walls of the classroom. She is extremely committed to her own professional development and growth and is considerably one of the brightest educators I've worked with. In an environment where there was a lack of resources and programming, Ms. Badynee routinely sought donations, created fundraising initiatives, and infused global awareness into her curriculum through the use of service learning projects, all while making her students' education fun and meaningful.

Blaise is an excellent resource to the profession and would make a great addition to your team. She demonstrates both classroom management and content mastery with an unmatched level of self-direction and discipline. I highly recommend her for the position she is applying for.

Best,

Racheal Allen
