To Whom It May Concern:

Please accept this as a letter of recommendation for Blaise Badynee. She completed her intern teaching at Anderson High School and was a long-term sub. She taught one overload section of Spanish this school year.

Blaise completed her intern teaching assignment during the 2010-11 school year under the supervision of Ms. Roxanne Cozza. Roxanne is an excellent World Language teacher. She would have demanded a high level of instructional expertise, organization, and classroom management from Blaise. In fact, she felt confident enough to request that Blaise fill her long-term absence during a maternity leave.

This winter I was in a position of needing a Spanish teacher to take one overload section of Spanish 4 for one trimester. Blaise was able to step in and provide a seamless transition. Those students are a highly motivated group, many planning on continuing their studies at the college level. I heard nothing but positive feedback from the students and their parents on behalf of the learning opportunities provided by Ms. Badynee.

I wish there were an opening at Anderson High School as Blaise is exactly the type of Spanish teacher I would like to employ. If I can provide any addition information, please do not hesitate to contact me.

Sincerely,

Leslie Hainrihar, Principal  
Southgate Anderson High School
